Policy Statement

Student Achievement Policy

Purpose

To provide inspiring, challenging and empowering learning experiences that enable students to develop the skills and knowledge to be actively involved, confident global citizens who think creatively, reason critically, communicate effectively and learn passionately throughout their lives.

Guidelines

The Board shall ensure, through the Principal and Assistant Principal, Curriculum, that it gathers comprehensive evidence to evaluate the progress and achievement of the students in academic, sporting, creative and cultural areas of school life. Further, the Board shall ensure systems and support are provided so that students are provided with an excellent all round education in order to achieve personal success in a range of contexts.

The Board directs the Principal to have in place robust procedures covering the following:

1. The provision of suitably qualified teachers, instructors and coaches.
2. Gathering of achievement data for the setting of targets to achieve improved outcomes for students
3. Differentiated Learning
4. School assessment
5. New Zealand Qualifications Authority (NZQA) assessment compliance
6. Special assessment conditions
7. Recognition of student achievement in the form of certificates, colours, pockets and prizes
8. School reporting
9. Sport, recreation, creative and cultural activities
10. School leaving documents
11. Academic awards

Refer to other related procedures and guidelines
